**Updates in IT facilities and bandwidth for Internet connection**

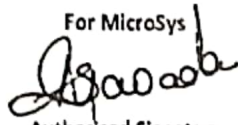

The institute had internet service through BSNL till year 2018. With the growth of users, IT services and increasing internet bandwidth demand, the institution has scaled up the switching capabilities and implemented through optical fibre cables and Wi-Fi access.

40 Mbps of internet connectivity is shared across the campus by the STAR NET, a local internet service provider. Extendable Wi-Fi access points are placed in various places in the campus.
